

**Margie
Vaught.com**

Here is the flyer information that appears to be a scam as I have never done an audio for this company Fionexia

"The preliminary 2019 ICD-10-CM code list introduces approximately 500 diagnosis code changes—with 126 in orthopedics alone. Time to prepare! A proactive approach is your best bet for battling future denials. Join this webinar ["ICD-10 2019 Code Changes For Orthopedics"](#) on **Wednesday, Oct 03, 2018, at 1 pm EST 60 minutes.** Orthopedic coding expert **Margie S. Vaught** to learn how to fine-tune your diagnosis coding for the latest code additions and revisions and prepare for the October 1, 2018 start date for these codes. Vaught will present guidance to select the correct ICD-10 code every time including those for stress fractures, pathological fractures, and pending fractures. Vaught will also cover when to use acute vs. chronic, especially with meniscal tears.
